Services Overview

Contract Management

At INTPM, we excel in managing contracts to ensure seamless project execution. Our dedicated team possesses extensive experience in negotiating, drafting, and administering contracts tailored to our clients' needs. We meticulously review contract terms and conditions, identify potential risks, and develop strategies to mitigate them effectively. By fostering strong relationships with all stakeholders, we ensure compliance with contractual obligations, leading to successful project outcomes. Our expertise in contract management extends to various industries, enabling us to adapt to diverse project requirements and deliver optimal results.

Claim Management

One of our core strengths at INTPM lies in claims management, where we offer unparalleled support to our clients throughout the claims process. Our experienced team specializes in handling cost claims, settlement proposals, and time extension claims, providing comprehensive assistance to resolve disputes efficiently. Leveraging our practical experience and expertise in the local market, particularly in Abu Dhabi, we offer tailored solutions to address clients' specific needs. From claim preparation to review and determination, our team ensures accuracy and reliability in supporting our clients' legal procedures. Additionally, our registered and licensed engineering experts prepare expert reports to provide valuable insights and support in legal proceedings, ensuring our clients' interests are protected.

Project Control

We specialize in formulating and implementing effective project control contracts to streamline operations and enhance project performance. Our tailored contracts outline clear roles, responsibilities, and deliverables, ensuring accountability and transparency throughout the project lifecycle. By establishing robust project control mechanisms, including scheduling, budgeting, and quality assurance, we enable our clients to effectively monitor progress, identify potential issues, and take timely corrective actions. Our comprehensive approach to project control contracts ensures alignment with project objectives, resulting in improved efficiency and successful project delivery.

Expert Reports

At INTPM offers expert reports customized for legal use in various courts, including the Ministry of Justice in Dubai, Abu Dhabi court, and NE courts. Our reports are meticulously prepared by our team of engineering experts, providing detailed analysis and evidence to support our clients' legal proceedings. With a focus on accuracy, reliability, and adherence to legal standards, our expert reports serve as valuable tools in resolving disputes and achieving favorable outcomes for our clients.

Engineering Feasibility Studies

INTPM conducts thorough asset management assessments and feasibility studies to support informed decision-making and maximize project profitability. Our experienced team specializes in preparing feasibility studies, particularly for commercial and hospitality projects, providing clients with comprehensive business proposals. Through meticulous analysis of market trends, financial projections, and risk assessments, we assist our clients in evaluating project viability and identifying potential opportunities and challenges. By offering strategic insights and actionable recommendations, we empower our clients to make informed decisions and achieve sustainable project success.

Our Services

Engineering Expert Reports

Arbitration

The process of arbitration is overseen by a professional arbitrator, who facilitates communication between two sides of a dispute. and have knowledge of, and experience in, the subject of the disputes.

Judicial Department

The goal of an engineering expert report for the judicial department of Abu Dhabi is to provide impartial and technically sound analysis to assist the court in understanding the engineering aspects of a dispute and reaching a fair and informed decision.

Ministry Of Justice

Present your ideas to the audience in easy-to-understand language. Make the audience understand, motivated and inspired by your ideas.
